

Funding Timeline

Communications Toolkit

The team at People's Postcode Lottery have collaborated with Media Trust to develop a toolkit with some handy hints and tips that we hope you'll find useful. Whether you are a grant holder, wanting to apply for funding or simply looking to learn more about charity communications, scan the QR code below to access our toolkit.

Local School Nature Grants

What do bird boxes, bee hotels, insect DNA testing kits, and nature experts all have in common? They're all available for free to schools as part of Learning through Landscapes' Local School Nature Grants scheme.

Supported by players of People's Postcode Lottery, this Partnership Award Programme gives schools and early year settings across England, Scotland and Wales access to £500 of outdoor learning equipment as well as two hours of free, expert-led training for up to 30 staff.

Since their launch in 2017, Local School Nature Grants have helped over 3,000 schools to improve their outdoor learning provision, enabling thousands more children to profit from time in nature.

"As a school with no green space, we are always keen to take any opportunity to improve our outdoor learning provision. Our trainer gave us practical ideas for teaching science, literacy and numeracy outdoors"

- Teacher at a participating school, Bridgend.
